Mr. Peckham and Marcelius met in Dr. Swan's office, and after their interview the door was opened. Marcelius left and Peokham was found lying unconscious on the floor.

Becoming alarmed at his condition, the second at the house sent at once for assistance. An ambulance was called and he was removed to Believue Hoppital. When examined at Believue the physician who made the examination declared that Mr. Peckham was suffering from the effects of alcohol.

He was put in the alcoholic ward, much against the protestations of his brother, Edgar Peckham, who claimed that Malcolm never indulged in drink, even in the slightest degree. His efforts to have the hospital authorities do anything further in the case were of no avail. He remained unconscious to the last.

a Kansas City Alderman. By Associated Press.) KANSAS CITY, Mo., May 26.-Seven big billy goats and fifty geese were tried and convicted in the police courts here, on the charge of disorderly conduct. They belong to Michael O'Con-

duct. They belong to Michael O'Condor, who appeared as their attorney and made a spirited defense. Alderman A. B. Olson was the prosecuting witness, and half the neighborhood was subpoensed to testify. When the trial was ended Judge Jones inflicted a fine of \$10, and O'Connor, as agent and representative of the live stock, was cast into the city jall to await the appearance of the \$10.

Like other disorderly characters, the seven goats and fifty geese were given time to leave the town, and Chief Bpeers was instructed to see that the order of the Court is rigidly enforced. Plaintiff Olson had fondly cherished some rare plants and flowers all Winter, and last Friday placed them in his front terrace.

During the night the goats could not get enough tin cans and bill boards to satisfy their hunger, and entered Olson's terrace to feast on his much prized flowers. Hence the arrest and prosecution. The goats have been the terror of the neighborhood for a long time.
